Overview of This Information Collection

- (1) Type of Information Collection: Revisions to a currently approved collection
- (2) Title of the Form/Collection: Annual Progress Report for the STOP Formula Grants Program
- (3) Agency form number, if any, and the applicable component of the Department of Justice sponsoring the collection: Form Number: 1122-0003. U.S. Department of Justice, Office on Violence Against Women

- (4) Affected public who will be asked or required to respond, as well as a brief abstract: The affected public includes the 56 STOP state administrators (from 50 states, the District of Columbia and five territories and commonwealths (Guam, Puerto Rico, American Samoa, Virgin Islands, Northern Mariana Islands)) and their subgrantees. The STOP Violence Against Women Formula Grants Program was authorized through the Violence Against Women Act of 1994 (VAWA) and reauthorized and amended by the Violence Against Women Acts of 2000, 2005 and 2013. Its purpose is to promote a coordinated, multi-disciplinary approach to improving the criminal justice system's response to violence against women. The STOP Formula Grants Program envisions a partnership among law enforcement, prosecution, courts, and victim advocacy organizations to enhance victim safety and hold offenders accountable for their crimes of violence against women. OVW administers the STOP Formula Grants Program. The grant funds must be distributed by STOP state administrators to subgrantees according to a statutory formula.

OVW is proposing revisions to the progress reporting form to reflect statutory changes as a result of the reauthorization of VAWA grant programs in 2013 which added seven new purpose areas: developing and promoting legislation and policies to enhance best practices for responding to domestic violence, dating violence, sexual assault, and stalking; developing Sexual Assault Response Teams and related coordinated community responses to sexual assault; improving

investigation and prosecution of sexual assault cases and appropriate treatment of victims; responding to sexual assault against men, women, and youth in correctional settings; responding to backlogs of sexual assault evidence including developing protocols and policies for notifying and involving victims; improving responses to male and female victims whose ability to access traditional services and responses is affected by their sexual orientation or gender identity; and supporting prevention or educational programming (limited to five percent of the award amount). The reauthorization also ensured that domestic violence, dating violence, sexual assault, and stalking are included in all the statutory purpose areas and added legal assistance in purpose area for “victim assistance”.

(5) An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond/reply: It is estimated that it will take the 56 respondents (STOP administrators) approximately one hour to complete an annual progress report. It is estimated that it will take approximately one hour for roughly 2500 subgrantees¹ to complete the relevant portion of the annual progress report. The Annual Progress Report for the STOP Formula Grants Program is divided into sections that pertain to the different types of activities that subgrantees may engage in and the different types of subgrantees that receive funds, i.e. law enforcement agencies, prosecutors’ offices, courts, victim services agencies, etc.

¹Each year the number of STOP subgrantees changes. The number 2,500 is based on the

(6) An estimate of the total public burden (in hours) associated with the collection: The total annual hour burden to complete the annual progress report is 2,556 hours.
